

Favor With God  
Francis Chan

God wants us to be addicted to Him. We can fall in love with doing good things, with resisting sin, with caring for the poor, with memorizing Scripture, but it's about falling in love with Jesus.

We can be truly addicted to Him, not to worldly stuff. Is Christ your addiction? Make sure you understand what I said - I said addiction, not addition.

Everyone wants to add Jesus to their pile of blessings; everyone wants to add Jesus to their lives. Jesus is not an addition.

You should be striving to know God, be with Him, spend time with Him alone, being obsessed with His character and dwell in His awe.
